# Problem 3 – Get in Touch

Create a Web page (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

Input

You are given the above screenshots + all required images + the texts on the site.

Output

The output should be valid HTML5 + CSS3 + images that implement the above Web page.

Constraints

- Use google font **Lato** - https://fonts.googleapis.com/css?family=Lato:100,300,400,700,900
- Use Font Awesome - https://maxcdn.bootstrapcdn.com/font-awesome/4.7.0/css/font-awesome.min.css
  - fa-phone
  - fa-envelope-o
  - fa-map-marker
  - fa fa-calendar
- The site should open correctly in the latest version of Chrome
- Pixel-perfect implementation is not required.
